

RUTH LYDIA SCHMIDT

Microbial Ecologist & Data Scientist

A dynamic and resourceful microbial ecologist with 8 years of experience in microbiome research, data analysis and science communication, with strong leadership and a broad set of technical and interpersonal skills.

Currently searching for a data science position at the intersection of research and sustainability/health that allows me to build tools using visualization and statistics to help people understand and explore their data and turn them into action.

EDUCATION

- 10/2017 • **Ph.D. in Microbial Ecology**
Wageningen University & Netherlands Institute of Ecology (NIOO)
Title: [Volatile communication between fungi and bacteria](#)
📍 Wageningen, The Netherlands
- 12/2012 • **M.S. in Biotechnology**
Graz University of Technology
📍 Graz, Austria
- 09/2010 • **B.Sc. in Molecular Biology**
Graz University of Technology
📍 Graz, Austria

RESEARCH EXPERIENCE

- 01/2020
|
Present • **Mitacs Postdoctoral Fellow**
Institut national de la recherche scientifique (INRS) & Plotly
📍 Montréal, Canada
• Developing open-source [visualization apps for omic data in microbiome research](#) using Plotly's Dash R and Dash Bio libraries.
- 01/2020
|
03/2020 • **Visiting JSPS Postdoctoral Fellow**
Kochi Core Center
📍 Kochi, Japan
• Developed PCR-based screening method for detection of terpene synthase genes (TPS).
• Performed amplicon sequencing bioinformatics data analysis.
- 07/2019-
10/2019 • **Consultant**
International Union for Conservation of Nature (IUCN)
📍 remote
• Contributed to a global report on soil biodiversity in agro-ecosystem health.

CONTACT INFO

- ✉ schmidt.ruth@gmail.com
🌐 ruthschmidt.rbind.io
in [linkedin.com/ruth-schmidt/](https://www.linkedin.com/ruth-schmidt/)
🐙 github.com/ruthlys

TECHNICAL SKILLS

- 💻 Highly experienced in: R programming, Dash for R & Dash Bio
💻 Experience with: Python, CSS & HTML, Git, Linux/UNIX
📊 Multivariate statistics, statistical models & machine learning
🔬 Molecular biology techniques, bioinformatics/omic technologies & data analysis
🔧 Data cleaning, processing, manipulation & visualization (ggplot2, Plotly graphing libraries)

INTERPERSONAL SKILLS

- Excellent communicator
Highly creative
Problem solver
Strong team player & collaborative

LANGUAGES

- German (Native)
English (Fluent)
Spanish (Advanced)
French (Beginner)

02/2018
|
12/2019

Postdoctoral Fellow

Institut national de la recherche scientifique (INRS), Labo Yergeau

📍 Montréal, Canada

- Research on microbial solutions to drought in agriculture.
- Led lab and field studies with wheat under drought conditions.
- Conducted analysis of omic data (quantitative metagenomics, metatranscriptomics, metabolomics).
- Co-supervised 4 PhD students and 2 Master students.
- Presented findings at 6 international conferences.
- Collaborated with researchers in The Netherlands (Netherlands Institute of Ecology) & UK (Plymouth Marine Laboratory).

02/2013
|
10/2018

PhD Candidate

Netherlands Institute of Ecology & Wageningen University, Garbeva Group

📍 Wageningen, The Netherlands

- Characterized molecular mechanism underlying volatile interaction in soil microbes using a combination of omic, microbiological, and analytical (GC-MS) approaches.
- Analyzed omic data (proteomics, metabolomics) and developed workflow for metabolomic data analysis.
- Mentored 4 undergraduate and 1 graduate student on molecular biology research projects.
- Collaborated with international research institutes and universities in Germany (Max-Planck Institute for Chemical Ecology, Jena & Center for Functional Genomics of Microbes, Greifswald), US (Institute for Genome Sciences, Baltimore) & Sweden (Swedish University of Agricultural Sciences) on genomics and proteomics projects.

10/2010-
12/2012

University assistant

Graz University of Technology

📍 Graz, Austria

- Led and conducted field study on the effect of biocontrol agents in field in Egypt.
- Performed analysis of 16S rRNA sequencing data, and measurement and analysis of analytical data (LC-MS).

TEACHING EXPERIENCE

09/2015

Instructor in two days hands-on course on proteomics

Netherlands Institute of Ecology

📍 Wageningen, The Netherlands

10/2013

Teaching Assistant in Laboratory Course in Environmental Biotechnology

Graz University of Technology

📍 Graz, Austria

06/2012

Research Assistant in Laboratory Course in Biochemistry and Molecular Biology

Karl-Franzens University

📍 Graz, Austria

GRANTS & AWARDS

2019

Mitacs Postdoctoral Fellowship (60,000 CAD)

Visualization of multi-omics data in microbiome research

📍 Montréal, Canada

2019

Japan Society for the Promotion of Science (JSPS) Award (8,000 CAD)

Uncovering microbial chemical ecology in the extreme sub-seafloor environment

📍 Kochi Core Centre, Japan

2019

Coalesce BioArt residency (2,000 USD)

[Microbial Scents and Olfactory Prosthesis for the Future](#)

📍 Coalesce: Center for Biological Art, University at Buffalo, USA

2018

Quebec Centre for Biodiversity Science (QCBS) Travel grant (1,500 CAD)

International Phytobiome meeting

📍 Montpellier, France

2018

QCBS Seed grant (5,000 CAD)

[Aural soilscape: creating ecological consciousness to global warming](#)

📍 Montréal, Canada

2018

QCBS Travel grant (1,500 CAD)

ISME17 meeting

📍 Leipzig, Germany

2017	● International Society of Chemical Ecology (ISCE) Travel Grant (1,000 USD) Annual Meeting ISCE17	📍 Kyoto, Japan
2017	● Best Talk Award (150 USD) Annual Meeting ISCE17	📍 Kyoto, Japan
2017	● Federation of European Microbiological Societies (FEMS) Research Grant (5,000 Eur) Research on fungal genomics at the Swedish University of Agricultural Sciences (SLU)	📍 Uppsala, Sweden
2016	● International Society for Microbial Ecology (ISME) Travel Grant (800 Eur) ISME16 meeting	📍 Montréal, Canada
2015	● FEMS Meetings Attendance Grant (300 Eur) Ecology of Soil Microorganisms meeting	📍 Prague, Czech Republic
2015	● Best Poster Award (100 Eur) Ecology of Soil Microorganisms meeting	📍 Prague, Czech Republic

PRESENTATIONS

07/2020	● Bioconductor 2020 (talk) Interactive data visualization in microbiome research with Dash R & Dash Bio (link to slides)	📍 Boston, USA (virtual)
06/2020	● INRS Seminar series (talk) Nitrapyrin effects on soil microbial community structure, composition, diversity & function (link to slides with interactive graphs)	📍 Montréal, Canada
02/2020	● Kochi Core Center (talk) Uncovering microbial terpenes in the extreme sub-seafloor environment.	📍 Kochi, Japan
06/2019	● International Society of Chemical Ecology, ISCE 35 (talk) Microbial chemical ecology: past, present and future.	📍 Atlanta, USA
05/2019	● Second International Holobiont meeting (talk) How microbial volatiles help plants survive in times of drought.	📍 Montréal, Canada
12/2018	● Quebec Centre for Biodiversity Science Annual Symposium (talk) Microbial aromas might help plants survive drought.	📍 Montréal, Canada
12/2018	● International Phytobiomes Conference (poster) Microbial terpenes in the plant holobiont as a strategy to adapt to drought.	📍 Montpellier, France
08/2018	● International Symposium on Microbial Ecology, ISME 17 (talk) Do bacteria and fungi have a fragrant language all their own?	📍 Leipzig, Germany
08/2018	● International Symposium on Microbial Ecology, ISME 17 (speaker in roundtable session) Microbial chemical ecology: intra- and interspecies communication.	📍 Leipzig, Germany
06/2018	● Champalimaud Centre for the Unknown Microworld - the most powerful life on earth.	📍 Lisbon, Portugal
08/2017	● International Society of Chemical Ecology, ISCE 34 (talk) Terpenes as <i>lingua franca</i> between fungi and bacteria.	📍 Kyoto, Japan
08/2016	● International Symposium on Microbial Ecology, ISME 16 (poster) Transcriptional responses of a beneficial soil bacterium to volatiles of a plant pathogen.	📍 Montréal, Canada
12/2015	● Ecology of soil microorganisms, ESM (poster) Microbial small talk: Volatiles in fungal-bacterial interactions.	📍 Prague, Czech Republic
04/2014	● 4th International student conference on Microbial Communication, MiCom (talk) Chemical dialogues: The ability of bacteria to sense fungal volatiles.	📍 Jena, Germany

- 12/2013 ● **CNRS-Jacques Monod conference: bacterial-fungal interactions: a federative field for fundamental and applied microbiology**
The role of fungal volatiles as signaling compounds in bacterial-fungal interactions. 📍 Roscoff, France
- 06/2013 ● **Boston Bacterial Meeting, BBM (poster)**
Microbial interactions via secondary metabolites in soil. 📍 Boston, USA
- 02/2013 ● **Netherlands Annual Ecology Meeting, NERN (poster)**
The best bacterial competitive strategies in the rhizosphere. 📍 Lunteren, The Netherlands

PUBLICATIONS

- 2020 ● **Nitrapyrin has far reaching effects on the soil microbial community structure, composition, diversity and functions (submitted).**
biorxiv. DOI: [10.1101/2020.07.21.205765](https://doi.org/10.1101/2020.07.21.205765)

MANUSCRIPTS IN PREPARATION

- **Soil hydrogen enrichment increases H₂-oxidizing bacterial activity and changes microbial community structure and function (under review).**
Soil Biol. Biochem.
Wang X., **Schmidt R.**, Constant P., & Yergeau E.
- **Infochemicals in terrestrial plants and marine macroalgal holobionts under a changing climate (under review).**
New Phytologist.
Schmidt R., & Saha, M.

PRESS AND OUTREACH (EXCERPT)

- 2020 ● **How to give life to your microbiome data.**
Towards Data Science.
- 2019 ● **Microbial aromas could save agriculture from climate change.**
The Conversation.
- 2018 ● **The Art of Microbial Communication.**
SciArt Magazine.
- 2017 ● **World's most spoken language is 'Terpene'.**
Science Daily.

PROFESSIONAL MEMBERSHIPS

- 2018 | 2020 ● **Quebec Centre for Biodiversity Science (QCBS)**
Coordinated workshops and EDI training. 📍 Montréal, Canada
- 2017 | 2019 ● **500 Women Scientists**
Coordinated partnerships with other non-profit organizations aimed at making science more inclusive and accessible. 📍 global

2017
|
2019

International Society for Microbial Ecology (ISME)

Organized outreach campaigns, microbial ecology workshops and conference meetings.
